

ESA APP CAMP

25 Feb – 3 Mar 2015, Barcelona, Spain

There are thousands of ways to enrich apps with data from space and the power of the SAP HANA Cloud Platform – what's yours? Enter the challenge!

WHAT IS IT ALL ABOUT?

Unique app events offer access to the latest Earth Observation (EO) data and the power of the SAP HANA Cloud Platform – choose your challenge and meet with like-minded people to tackle some of the world's greatest challenges.

TOPICS

Five challenges have been devised to inspire you to create the solutions of tomorrow.

TOOLS & DATA

Gain insights in the great variety of data offered by EO satellites and the power of the SAP HANA Cloud Platform.

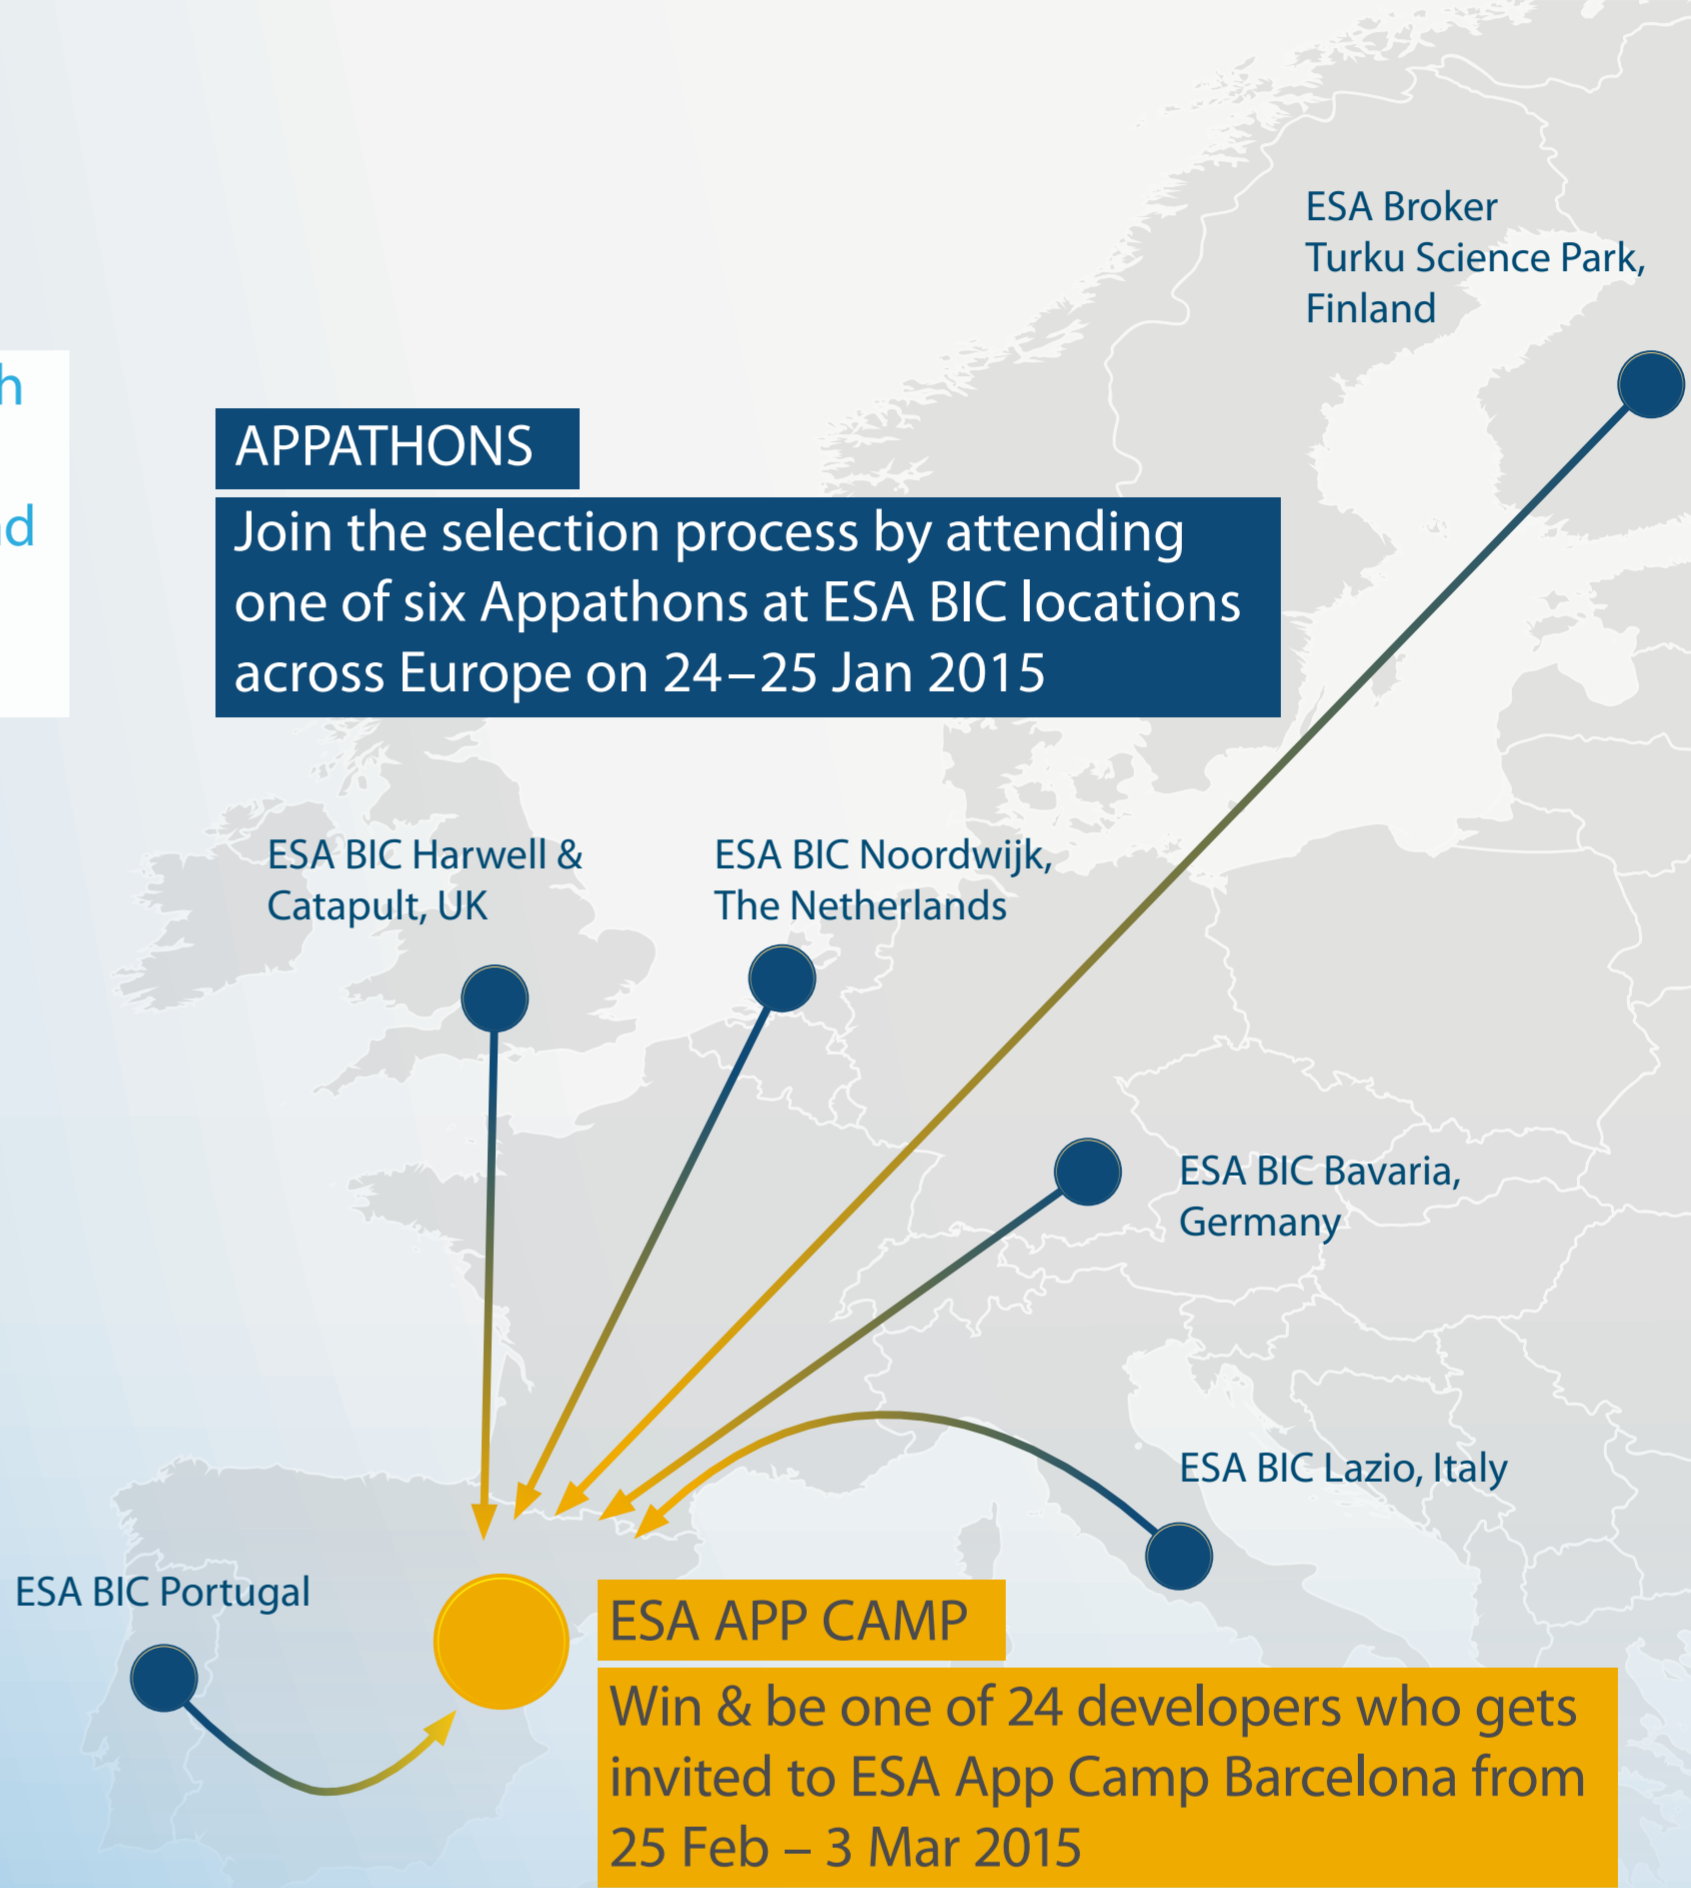

PRIZES

- > Door prize for everyone
- > Access to ESA BIC & SAP start-up support
- > If you win your local Appathon, you will be invited to the ESA App Camp in Barcelona (25 Feb – 3 Mar). All costs covered.
- @ ESA App Camp Barcelona
